In our showing of New Fall Things every woman may know with certainty the advance fashions for late Fall and Winter.

Among the new Fashions are the most charming, youthful dresses and tailored suits adapted from models lately shown by Fauvin; Cheruit, Callot and other famous Paris dressmaking houses, but they have been made over American patterns for American women, which makes them all the more wearable.

**Note, Please,** that we will not hold a formal opening this Fall, but have arranged with our best manufacturers to forward us their newest garments each week throughout the season. This new form of merchandising will give the women of Fairmont and its vicinity a service equal to that of any large city store, for new fashions will be shown here as soon as they are created.

### One-Piece Dresses Are Greeted Kindly

by nine-tenths of the feminine world. Whether of serge or satin, their smartness and serviceability are convincingly apparent.

The new styles have struck the right note with Fairmont women for they have received them with enthusiasm and buying has been generous. Many of the new dresses are treated with fancy embroidery, some are draped at the side, others with pleated or gathered skirts and all are youthful and built on straight lines generally.

Brown, tulle, navy and black are the most fashionable colors. Prices quite moderate, \$10, \$12.50, \$15, \$18, \$20 and up to \$50.

(Second Floor.)

### The New Suits Are Delighting Every Woman

One reason is that many of the suit coats are knee length which makes them so universally becoming both to slim and to larger women. Another reason is that the new styles have the faculty of giving certain youthful lines to the figure. In all, these are splendid assortments of the various materials, colors and styles to choose from.

Silvertone, Alaska Cloth Velour, Poplin, Serge, Duetyne and Broadcloth are the fabrics most popular. And there many soft-tone colors that are a delight to the eye. Prices \$18 to \$65; sizes for women and misses as well as extra sizes up to 52.

### Boys' New Fall Suits and Overcoats Are Ready

New suits and overcoats as good as gold for the money. They are the kind that dress a boy up, as distinguished from the kind that just clothe him. Mothers know the difference.

They are made for service as well as for style, and they will give service good and real for every cent of their price—and sometimes more.

Fine school suits with two pair of pants start at \$5; and on up to \$15 for the best suits we ever had; sizes 6 to 18 years.

(First Floor, Men's Store.)

### New Fall Corsets

Nemo, Gossard, Madame Lyra and American Lady Corsets are ready.

Corsetry has reached such perfection that today, any figure—not deformed, of course—can obtain shapely lines and good poise.

Generally it is due to haste and carelessness that many figures do not look better than they do. Two things are necessary to have a perfect fitting corset. First, the proper model; secondly proper adjustment of that model.

We have an experienced corset fitter in the store and a wide range of models of varying proportions, so that every woman can be assured of a perfect fitting corset at Hartley's.

Prices to suit your needs, \$10 to \$12.
